

ANIMAL ARITHMETIC – JONSI

‘Animal Arithmetic’ és el darrer single de l’islandès JONSI. Líder durant anys de la banda Sigur Ros, ara ha començat una carrera en solitari, amb aquest àlbum, de ritmes accelerats i frenètics.

Toca la guitarra amb un arc de violoncel, i això li dóna aquest so tan característic.

LLETRA

Wake up, comb my hair
Making food disappear
Riding bikes, making out
Elephants swimming down

You and I run away
Brushing ticks, so we must
Cover full of fireworks

Every time, everyone, everything's full of life
Everyday, everywhere, people are so alive

We should all be (Oh Oh Oh) alive!
We should all be (Oh Oh Oh) alive!

(icelandic)

Get it on, get it on
Fuck it, let's go and live
Get it on, bring it on
Fuck it, break out and be

We should all be (Oh Oh Oh) alive!
We should all be (Oh Oh Oh) alive!
We should all be (Oh Oh Oh) alive!
Let's not stop, let's go and live!

I see you're colourful
I see you in the trees
I see you're spiritfuf
You're in the breeze

I see it in your hands
Through your fingers, through a bean
I see you in the sand
Roll down the stream

I see you in the trees
I see you're colourful
I see you in the breeze
You're spiritfuf

Through your fingers, through a bean

I see it in your hands
You're rolling down the stream
You're in the sand

I see you're colourful
I see you in the trees
I see you're spiritful
You're in the breeze

I see it in your hands
Through your fingers, through a bean
I see you in the sand
Roll down the stream

I see you in the trees
I see you're colourful
I see you're in the breeze
You're spiritful

Through your fingers, through a bean
I see it in your hands
You're rolling down the stream
You're in the sand

I see you're colourful
I see you in the trees
I see you're spiritful
You're in the breeze

I see it in your hands
Through your fingers, through a bean
I see you in the sand
Roll down the stream
